Dear parents and carers:

At Springhallow School, we believe that parents are the most important people and tutors in their child's life. We have a strong commitment to working closely with you to maximise children's progress.

In order to help you provide the best support to your children, we try to provide a range of sessions both educational and practical, as well as opportunities for parents to share their own knowledge and expertise and gain support from one another.

Please, be aware that **date and times may change** due to professionals' availability to run the session.

You will receive a **reminder on the school app**.

If you have any questions, please contact Ana de Blas, Family Support Worker.
